Pisky News!

As with all businesses, since Covid19 the Piskies have had to make some changes in order to keep us all safe and to meet the Government Guidelines. We are planning to continue with a Pisky Trail every school holiday in Coverack although if Government guidelines change this may alter. All piskies will be out of reach, behind glass or Perspex, we ask those people taking part to respect social distancing, to Pisky Trail in family groups or bubble and not to touch the area around where the pisky is hiding. With these alterations in place we have been able to bring this fun family activity back to Coverack. We have introduced a 'Click & Collect' system for buying a Pisky Trail please see the details at the bottom of this page, Pisky Trails will still be available from The Old Mill Shop & Coverack Village Stores.

Pisky H.Q. Opening. Pisky H.Q. will be open by request to buy Pisky products. We have made some safety alterations to keep us all as safe as possible. Cornish Pisky Pal's Story. Read the Spring Newsletter to find out what the Pisky Pals get up to next...

As the nights draw in it is more important than ever for the little piskies to have some light in the dark mornings and evenings. Izzy, who really loves to read, was finding it very hard to get enough light so that she could read as much as she likes. Izzy talked to Perran about this problem and Perran had the perfect answer. On one of the cliff paths near Coverack, is a tiny stream with a clay bank - the clay here is no ordinary clay, this clay glows in the dark!

Izzy & Perran got the Pisky Pals together, with their hand made wheel barrows and headed off to collect the special clay. They gathered balls of the clay and piled them up in their wheel barrows to take home. Once at home they dried the clay out and turn them into Glow in the dark lights!

Glow in the dark lights are a perfect solution for the winter evenings and means that Izzy can read and all the little piskies can see what they are doing! Now that it gets darker earlier, keep looking for the glow of glow in the dark lights belonging to the little Cornish Pisky Pals!
